

fifteen

encapsulated machine
dish detergent

resolve series represents a complete kitchen solution. Simple, numerically named, effective dish detergents, degreasers and sanitizers for both manual and automatic cleanup keep your food preparation areas sparkling with minimal effort.

fifteen is a premium chlorinated dish detergent granular powder in a capsule. It is formulated as a heavy duty combination of alkaline builders, organic chlorine-releasing compounds, polyphosphates and non-foaming detergents.

FEATURES

- A versatile product that cuts and removes dried-on foods, grease, oil and other food soils on glassware, china plastic, cutlery, and pots and pans. Do not use on aluminum, zinc and other soft metals.
- Generates no foam that can interfere with accuracy of dishwasher's operation.
- The chlorine released during the wash bleaches out stains from both china and plastic ware.
- Contains a special polymer that decreases precipitation and adherence of inorganic salts to glass surfaces thereby eliminating 'spotting' of glassware.
- Performance and risibility are unaffected by water hardness. Contains water softeners that reduce formation and build-up of scale and scum in jet sprays and other surfaces of dishwashing machines.

OPTIMAL APPLICATIONS

Restaurants, cafeterias, schools, hospitals, kitchens, hotels, motels, nursing homes and other food service establishments.

IDEAL FOR

Glassware, steel cutlery, pots and pans, porcelain and plastics.

PRODUCT SPECIFICATIONS

Physical Description	Free flowing granular powder
Color	White
Odor	Bland
pH (1%)	12.5 - 13.0
Density	75 lbs./ft ³
Flashpoint	None
Storage Stability	1 year minimum
D.O.T. Shipping label	Not regulated (due to pack size)
