## TECHNICAL BULLETIN

**COLORS OF CLEAN** is our line of housekeeping products designed to be easy to use, efficient and safe. From state-of-the-art dispensing solutions to clear, simple color-named packaging, we've created fusion products in ways that make housekeeping a pleasure.

Rust never sleeps (but it does make for a good tune). So before you turn in for the night, you will want to prespot those rust stains on your supposedly indestructible work jeans. Otherwise, who knows, you may not be able to find them in the morning. Not just any old prespotter, *Formula 324* effectively removes rust stains without the use of Hydrofluoric Acid. Be sure to wash them right away after treatment.

### Features

- Very effective at removing rust stains from most fabrics. When rust is deeply embedded in fabric it enhances its subsequent removal in the laundry process.
- Easy to use as it is dispensed directly from bottle onto stain.
- Does not contain hydrofluoric acid or its derivatives.
- Can be utilized as laundry sour when high iron/rust conditions prevail.
- Can be used to remove rust stains from hard surfaces such as around base of metallic surfaces in lavatories and kitchens.

**Ideal for** Commercial laundries, hotels and motels, nursing homes and hospitals, restaurants, schools, cleaning and maintenance of public facilities, managers of residual buildings.

### Product Specifications

<b>Physical Description</b>	Clear, water thin liquid
<b>Viscosity</b>	Water thin
<b>Color</b>	Water white
<b>Flashpoint</b>	N/A
<b>Fragrance</b>	Mild
<b>Weight per Gallon</b>	8.75 lb / gal
<b>pH</b>	1.5 - 2.0
<b>Storage Stability</b>	1 year minimum
<b>D.O.T. Shipping label</b>	ORM-D
